Out of all Touhou characters, Sakana's most favorite is Mokou,
so I came up with a Mokou-related story! It was something like this.
There was a lot of work on the backgrounds,
so I ended up regretting it a bit, lol.
Ah, by the way, I prefer TeruMoko over MokoKene.
But I still like MokoKene, of course!
Or rather, I feel that any pairing with Mokou is nice!
